We will spend lots of time climbing—including playing climbing games, learning new skills, and having plenty of time for self exploration on the wall. And because every climber needs a break, every day will include healthy snacks and a new craft!

### A fun, kid centered summer camp designed with your kid in mind!

Join our experienced kids & youth coaches climbing, playing games, and doing arts and crafts Monday-Thursday. The week leads up to Friday when we will climb outside in beautiful Custer State Park.

#### Planned dates for 2023 summer camps:

- June 5-9 ages 6-10
- June 12-16 ages 6-10
- June 19-23 ages 11-16
- June 26-30 ages 11-16
- July 10-14 ages 6-10
- July 17-21 ages 6-10
- July 24-28 ages 11-16

## Flying Colors ★

Discover how artists interpret their emotions into artwork! Be ready to be inspired by a new artist every day, and try out their groundbreaking techniques while creating your own art!

## ★ Gelli Printing and Book Making

Learn the basics of Gelli printmaking! Use gelatin plates to create many types of images and papers, then bind them into a one of a kind journal!

## Crazy Artwork ★

Harness your wildest imaginations and turn them into crazy interesting art! We use basic design principles in unusual ways to create unique art. The wilder the imagination- the better!

## ★ How Do I See Myself

Learn to see yourself in interesting ways! Using collage, painting, and pastels, you can decide how you want to see yourself portrayed via different mediums in different styles.

## Weaving Art Wonders ★

Create weavings with paper and yarns, while learning how to use different colors and mediums! You can weave the wonders of the stars, animals, and even abstract art!

## ★ From Imagination to Reality

Explore the realm of fantasy illustration by designing creatures that blend reality and fiction. Students will start with drawing and move into watercolor to bring their creations to life!

## Basic Mediums with a Twist ★

Gain experience with basic mediums such as pastels, charcoals, water- painting, and acrylics. Then twist the basics into unusual techniques to create fantastic artworks!

## ★ Advanced Crazy Artwork

Harness your wildest imaginations and turn them into crazy interesting art! We use basic design principles in unusual ways to create unique art. The wilder the imagination- the better!

## Printing Panache ★

Learn all about print-making! Explore the historical significance, be inspired by famous artists, create your own stamps, and make art that can be replicated as many times as you'd like!

## ★ From Dots to Boxes

Explore the work of 4 innovative artists: George Seraut, Pablo Picasso, Henri Matisse, and Joseph Cornell. See how they changed the world while you create a mural, box art, and more!

## Fun with Printmaking ★

Dive into the basics of printmaking! Carve your own stamps, etch, paint, and glue your way to fantastic creations!

## ★ Animate It!

Young Artists will learn the basics of animation, character development, and expression as they draw their way through fun projects!

## Oodles of Doodles ★

Create your own doodles! Students will discover many ways to get those creative juices flowing, and then let our imaginations take it from there! Use doodles as a fun tool for self-expression!

## ★ Advanced Flying Colors

Discover how artists interpret their emotions into artwork! Be ready to be inspired by a new artist every day, and try out their groundbreaking techniques while creating your own art!

## Fantasy Fairy Villages ★

Investigate the subject of fantastical fairies while practicing the basics of drawing. By using shading, contour lines, and other techniques, these elusive creatures will come to life on paper!

## ★ The Art of Engineering Sculpture

Explore how to build 3D art using paper, soap, clay, and the power of your imagination! Create a variety of well-engineered artworks to take home!

## Clay Camp ★

Create 3D objects using different hand-building techniques, coil, slab, and pinch pots. Learn ways to put texture and designs on projects using tools as well as plaster molds!

## ★ Clay Camp

Create 3D objects using different hand-building techniques, coil, slab, and pinch pots. Learn ways to put texture and designs on projects using tools as well as plaster molds!
